

Corporate Governance Statement

For the year ended 27 June 2020

This statement outlines the Company's main corporate governance practices that were in place throughout the financial year and, unless otherwise stated, its compliance with the 4th edition of the ASX Corporate Governance Council Corporate Governance Principles and Recommendations ("ASX Recommendations").

The documents marked with an * below have been posted in the 'Corporate Governance' section on the Company's website at www.sevenwestmedia.com.au/about-us/corporate-governance.

Principle 1 – Lay Solid Foundations for Management and Oversight

Role and responsibilities of the Board

The Board is empowered to manage the business of the Company subject to the Corporations Act and the Company's Constitution*. The Board is responsible for the overall corporate governance of the Company and has adopted a Board Charter* setting out the role and responsibilities of the Board.

The Board Charter provides that the Board's role includes:

- > representing and serving the interests of shareholders by overseeing, reviewing and appraising the Company's strategies, policies and performance in accordance with any duties and obligations imposed on the Board by law and the Company's Constitution;
- > demonstrating leadership by approving the Company's purpose, statement of values, strategic objectives and code of conduct for directors, senior executives and employees and monitoring corporate culture;
- > contributing to and approving management's development of corporate strategy including approving strategic objectives;
- > monitoring corporate performance and management's performance and implementation of Company strategy and promotion of the Company's values;
- > reviewing and monitoring systems of risk management and internal control and ethical and legal compliance, including reviewing procedures to identify the main financial and non-financial risks associated with the Company's businesses and the implementation of appropriate systems to manage these risks;
- > monitoring and reviewing management processes aimed at ensuring the integrity of financial reporting, financial controls and other reporting;

- > developing a Board skills matrix setting out the mix of skills that the Board currently has or is looking to achieve in its membership;
- > developing and reviewing corporate governance principles and policies and monitoring compliance with those principles and policies to underpin and instil the desired culture within the Company and reinforce a culture across the Company of acting lawfully, ethically and responsibly;
- > monitoring that management has formal and rigorous processes in place to validate the quality and integrity of the Company's corporate reporting;
- > satisfying itself that the Company's remuneration framework is aligned with the Company's purpose, its strategic objectives, values and risk appetite; and
- > in accordance with the Company's Diversity Policy, reviewing, on an annual basis, the report prepared by the Remuneration & Nomination Committee outlining the relative proportion of women and men on the Board, in senior management positions and in the workforce at all levels of the Group.

The Board Charter provides that matters which are specifically reserved for the Board or its Committees include:

- > appointment and removal of the Group Chief Executive Officer;
- > approval of dividends;
- > approval of annual budget;
- > monitoring capital management and approval of capital expenditure, acquisitions and divestitures in excess of authority levels delegated to management;
- > the establishment of Board Committees, their membership and delegated authorities; and
- > calling of meetings of shareholders.

Board Committees

The Board is assisted in carrying out its responsibilities by the Audit & Risk Committee and the Remuneration & Nomination Committee.

Each Committee has its own written Charter*, which is reviewed on an annual basis and is available on the Company's website. Further details regarding the Audit & Risk Committee and the Remuneration & Nomination Committee are set out under "Principle 4 – Safeguard the Integrity of Corporate Reports" and "Principle 2 – Structure the Board to be Effective and Add Value", respectively, in this Corporate Governance Statement.

The Directors' Report at page 46 sets out the number of Board and Committee meetings held during the 2020 financial year under the heading "Meetings of Directors", as well as the attendance of Directors at those meetings.

Delegation to Management

Subject to oversight by the Board and the exercise by the Board of functions which it is required to carry out under the Company's Constitution, Board Charter and the law, it is the role of management to carry out functions that are expressly delegated to management by the Board, as well as those functions not specifically reserved to the Board, as it considers appropriate, including those functions and affairs which pertain to the day-to-day management of the operations and administration of the Company.

Management is charged with promulgating the Company's values across the organisation and is responsible for implementing the policies, business model and strategic objectives approved by the Board. Management must supply the Board with information in a form, timeframe and quality that will enable the Board to discharge its duties effectively, including concerning the Company's compliance with material legal and regulatory requirements and any conduct that is materially inconsistent with the values or code of conduct of the Company. The Company has adopted a Delegated Authority Policy, which delegates to management the authority to carry out expenditure in relation to specified areas of the Company's operations, subject to the Company's policies and procedures in respect of the authorisation and signing of Company contracts, which includes a system of legal review.

The functions exercised by the Board and those delegated to management are subject to ongoing review to ensure that the division of functions remains appropriate.

Employment of Executives

Company executives are each employed under written employment agreements, which set out the terms of their employment.

Prior to the commencement of employment, the Company undertakes appropriate background checks on new senior executives.

Appointment of Directors

The Board has established a Remuneration & Nomination Committee to assist in the appointment of new Directors.

Further information concerning this Committee is set out under "Principle 2 – Structure the Board to be Effective and Add Value" in this statement. The Remuneration & Nomination Committee periodically review the composition of the Board to ensure that the Board has an appropriate mix of expertise and experience. This review includes considering the appointment of new Directors and the re-election of incumbent Directors to the Board. An output of this process is the Board skills matrix set out under "Principle 2 – Structure the Board to be Effective and Add Value".

The policy and procedure for the selection and appointment of new Directors is set out in an Annexure to the Board Charter. The factors that will be considered when reviewing a potential candidate for Board appointment include:

- > the skills, experience, expertise and personal qualities that will best complement Board effectiveness having regard to the Board skills matrix, including a deep understanding of the media industry, corporate management and operational, safety and financial matters;
- > the existing composition of the Board, having regard to the factors outlined in the Company's Diversity Policy and the objective of achieving a Board comprising Directors from a diverse range of backgrounds;
- > the capability of the candidate to devote the necessary time and commitment to the role (this involves a consideration of matters such as other board or executive appointments); and
- > potential conflicts of interest and independence.

The Board believes the management of the Company benefits from, and it is in the interests of shareholders for Directors on the Board to have, a mix of tenures such that some Directors have served on the Board for a longer period and have a deeper understanding of the Company and its operations, and new Directors bring fresh ideas and perspectives.

As part of the selection and appointment process:

- > the Board, and if so requested the Remuneration & Nomination Committee, identify potential Director candidates, with the assistance of external search organisations as appropriate;
- > background information in relation to each potential candidate is provided to all Directors;
- > appropriate background checks are undertaken before appointing a Director, or putting forward to shareholders a Director candidate for election; and
- > an invitation to be appointed as a Director is made by the Chairman after having consulted all Directors, with recommendations from the Remuneration & Nomination Committee (if any) having been circulated to all Directors.

Appointed Directors receive a formal letter of appointment which set out terms of their appointment and the Company's Corporate Governance Policies. The date at which each Director was appointed to the Board is announced to ASX and is provided in this Annual Report on pages 28 to 30.

Election and re-election of Directors

Directors appointed to fill casual vacancies hold office until the next Annual General Meeting and are then eligible for election by shareholders. In addition, each Director must stand for re-election at the third Annual General Meeting since they were last elected. Under the Company's Constitution, one-third of the Board (excluding the Managing Director and any Directors standing for election for the first time) must retire by rotation at each Annual General Meeting.

The Notice of Meeting for the Annual General Meeting discloses material information about Directors seeking election or re-election, including appropriate biographical details and qualifications, and other key current directorships.

Company Secretary

The Company Secretary's role is to support the Board's effectiveness by:

- > helping to organise and facilitate the induction and professional development of directors;
- > ensuring that the business at Board and Committee meetings is accurately captured in the minutes;
- > advising the Board and Committees on governance matters; and
- > coordinating the timely distribution of Board and Committee agendas and briefing materials.

The decision to appoint or remove a Company Secretary is made or approved by the Board. The Company Secretary is accountable to the Board through the Chairman on all matters to do with the proper functioning of the Board. Each of the Directors has access to the Company Secretary.

Board, Committee and Director performance evaluation

The Chairman closely monitors the performance and actions of the Board and its Committees. During the financial year, Directors completed a Board Evaluation questionnaire concerning Board, Committee and Director, including Chairman, performance from which aggregated data and responses were provided to the Chairman and then presented to the Board for discussion and feedback. The Board Evaluation questionnaire provides an opportunity for the Board to benchmark results year-on-year and to identify Board performance priorities, governance framework enhancements and improve the effectiveness of meetings and Company processes.

The aggregated questionnaire results also provide the basis of individual discussions between Directors and the Chairman. The Chairman and each Board member consider the performance of that Board member in relation to the expectations for that Board member and consider any opportunities for enhancing future performance. Matters which may be taken into account include the expertise and responsibilities of the Board member and their contribution to the Board and any relevant Committees and their functions.

Additionally, during the financial year, a report on the program of work undertaken by the Board and each of its Committees, assessed against their respective Charter responsibilities and duties, is provided to the Board for discussion and for the purposes of reviewing performance of the Board and the Committees, as well as their Charters, to ensure that the Board and its Committees operate effectively and efficiently. During the reporting period, performance evaluations of the Board, its Committees and individual Directors were carried out in accordance with this process.

Following this year's Charter reviews, the Board determined not to amend the Company's Board and Committee Charters, given the substantive changes made to the Charters in 2018 and 2019 having regard to the draft and final 4th Edition ASX Corporate Governance Principles to early adopt certain of the recommendations thereunder.

Assessment of management performance

The performance of the Managing Director and Chief Executive Officer is formally reviewed by the Board against the achievement of strategic and budgetary objectives in respect of the Group's operations and investments whilst also having regard for his personal performance in the leadership of the Group. The Board's review is carried out annually in regard to certain goals against which he is assessed, and throughout the year in regard to others, and forms the basis of the determination of the Managing Director and Chief Executive Officer's performance-linked remuneration. The Remuneration Report sets out further details of the performance criteria against which the Managing Director's & Chief Executive Officer's performance-linked remuneration in respect of the financial year ended 27 June 2020 is assessed on pages 48 to 70.

The performance of senior executives of the Company is reviewed on an annual basis in a formal and documented interview process with either the Managing Director and Chief Executive Officer or the particular executive's immediate superior. Performance is evaluated against agreed performance goals and assessment criteria in relation to the senior executive's duties and material areas of responsibility, including management of relevant business units within budget, motivation and development of staff, and achievement of and contribution to the Company's objectives.

A performance evaluation of the Managing Director and Chief Executive Officer and other senior executives took place during the year in accordance with this process. For further information about the performance-related remuneration of senior executives and staff, please see the discussion set out under "Principle 8 – Remunerate Fairly and Responsibly".

Diversity policy

The Board recognises the benefits of a workplace culture that is inclusive and respectful of diversity. The Board values diversity, including in relation to age, gender, cultural background and ethnicity and recognises the benefits it can bring to the organisation. The Board has adopted a Diversity Policy* that sets out the Board's commitment to working towards achieving an inclusive and respectful environment. Please refer to pages 23 to 24 of this Annual Report for reporting on the Diversity Policy and the measurable objectives and initiatives relating thereto.

Principle 2 – Structure the Board to be Effective and Add Value

Board composition

The Company's Constitution provides for a minimum of three Directors and a maximum of twelve Directors on the Board. As at the date of this statement, the Board comprises nine Directors, including eight Non-Executive Directors and the Managing Director and Chief Executive Officer.

The Non-Independent Directors in office are:

- > Mr Kerry Stokes AC, Chairman
- > Mr James Warburton, Managing Director & Chief Executive Officer
- > Mr Ryan Stokes AO, Director

The Independent Directors in office are:

- > Mr John Alexander, Director
- > Ms Colette Garnsey OAM, Director
- > Ms Teresa Dyson, Director
- > Mr David Evans, Director
- > Mr Michael Malone, Director
- > Mr Michael Ziegelaar, Director

The qualifications, experience, expertise and period in office of each Director of the Company at the date of this Annual Report are disclosed in the Board of Directors section of this Annual Report on pages 28 to 30.

Board independence

The Board comprises a majority of Independent Directors, with three Non-Independent Directors and six Non-Independent Directors. During the period of the financial year prior to the retirement of The Hon. Jeffrey Kennett AC and Mr Peter Gammell on 13 November 2019, the Board comprised four Non-Independent Directors and seven Independent Directors.

In determining whether a Director is independent, the Board conducts regular assessments and has regard to whether a Director is considered to be one who:

- > is a substantial shareholder of the Company or an officer of, or otherwise associated directly with, or represents or has been within the last three years an officer or employee of a substantial shareholder of the Company;
- > receives performance-based remuneration (including options or performance rights) from, or participates in an employee incentive scheme of, the entity;

- > is, or has previously been, employed in an executive capacity by the Company or another Group member, and there has not been a period of at least three years between ceasing such employment and serving on the Board;
- > has within the last three years been a principal of a material professional advisor of, or a material consultant to, the Company or another Group member, or an employee materially associated with the service provider;
- > is a material supplier or customer of the Company or other group member, or an officer of or otherwise associated directly or indirectly with a material supplier or customer; or
- > has a material contractual relationship with the Company or another group member other than as a Director.
- > has been a Director of the entity for such a period that their independence from management and substantial holders may have been compromised.

The Board determines the materiality of a relationship on the basis of fees paid or monies received or paid to either a Director or an entity which falls within the independence criteria above. If an amount received or paid may impact the Earnings Before Interest, Tax, Depreciation and Amortisation (EBITDA) of the Group in the previous financial year by more than 5 per cent, then a relationship will be considered material.

In the Board's view, the Independent Directors referred to above are free from any interest, position or other relationship that might, or reasonably be perceived to, influence, in material respect the capability to bring an independent judgement to bear on issues before the Board and to act in the best interests of the Company as a whole rather than in the interests of an individual security holder or other party.

Mr Michael Ziegelaar is a partner at Herbert Smith Freehills, a law firm which provides certain legal services to the Company. The legal services provided by Herbert Smith Freehills are not considered material having regard to the principles above and Mr Ziegelaar is not involved in providing the services. The Board is satisfied that Mr Ziegelaar's role with Herbert Smith Freehills does not interfere with the independent exercise of his judgment as a Non-Executive Director of the Company.

Mr Kerry Stokes AC and Mr Ryan Stokes AO are not regarded as independent within the framework of the independence guidelines set out above because of their positions within Seven Group Holdings Limited, which is a major shareholder of Seven West Media Limited.

Mr James Warburton was appointed Managing Director and Chief Executive Officer of the Company on 16 August 2019, following Mr Tim Worner's resignation from that role and the Board as of the same date. Due to his position as Managing Director and Chief Executive Officer, Mr James Warburton is not considered to be independent.

Chairman

The roles of the Chairman and Chief Executive Officer are separate. Mr Kerry Stokes AC is the Chairman of the Company. The Chairman is responsible for leading the Board, facilitating the effective contribution of all Directors and promoting constructive and respectful relations between Directors and between the Board and Management.

The Board acknowledges the ASX Recommendation that the Chairman should be an Independent Director, however the Board has formed the view that Mr Stokes is the most appropriate person to lead the Board as its Chairman given his experience and skills, particularly with regard to his long-term association with various media businesses of the Group. In addition, the Company has a clear conflict of interest protocol to manage the relationships between the Company and Seven Group Holdings Limited.

Board skills, experience and expertise

Each Director brings a range of personal and professional experiences and expertise to the Board. The Board seeks to achieve an appropriate mix of skills, tenures and diversity, including a deep understanding of the media industry across multiple channels, as well as corporate management and operational, financial and safety matters. Directors devote significant time and resources to the discharge of their duties.

Company's Purpose and Strategic Objectives

During the year, the Company undertook strategic review process which led to the definition of the Company's revised purpose. Following this process, the Board approved the Company's purpose as *"We're here to bring all Australians closer to the moments that move us"*. The Company's purpose is an aspirational reason for being that inspires a call to action for our people and stakeholders. The language of the Company's purpose encompasses the following key concepts:

"Closer":

First on the scene, and with our finger on the pulse, home, or away, we're right there beside you.

On our wavelength. On demand. On the moment. We unite communities, create shared understanding, and help form a common bond that goes the distance.

"Moments":

In a world of immediacy, right now is everything. From the whimsical, to the seismic, breaking news, or smashing records, you'll find us at the heart of it.

Our experiences make us who we are, they shape us, define us, we're here to make sure you don't miss a thing.

"Move us":

Life never stands still. Wherever it takes us, embrace it with feeling. Familiar faces. Chance encounters. Shared experiences. They bring us together, and spur us on to be more, creating a feeling of shared identity and belonging, even when we're far from home.

Moving forward as a nation, starts with empathy. It's how we stand apart, build volume, and move ahead of our competitors.

The Board also approved the following areas as strategic objectives for the Company to achieve this purpose and underpin the Company's economic sustainability:

1. Content Led Growth

- > Revitalise our entertainment programming, creating momentum to engage heartland Australia.
- > Be the most relevant and exciting offer to advertisers.
- > Explore a meaningful streaming partnership play.

2. Transformation

- > Sharpen our focus on being an audience and sales led organisation.
- > Redefine our working practices, becoming more efficient and effective.
- > Explore traditional adjacencies.
- > Explore non-traditional adjacencies.

3. Capital Structure & Balance Sheet

- > Maintain focus to work down debt and improve balance sheet flexibility.
- > Explore M&A opportunities.

Board Skills Matrix

The Board has developed a Board Skills Matrix, which is reviewed each year, reflecting the desired skills and experience required to be able to deliver on the strategic objectives of the Company. The Board believes that these skills and experiences are well-represented by its current composition.

The Board Skills Matrix is set out in two parts. The first table outlines the desired industry specific skills and experience, which continues to evolve given the rapid changes in the media industry, and the second table outlines the depth of general corporate, executive and Director experience which are appropriate for the Company. Director induction and ongoing training

As part of the induction process, Board appointees attend a briefing with the Chairman, meet with the Company Secretary about the Company's corporate governance framework, visit key business sites and meet with Company Executives. In addition to an induction process for new Director appointments, from time to time, Directors attend external education seminars and peer group meetings regarding regulatory and compliance developments. The Company arranges presentations to the Board by Executives to update the Directors on the Group's business activities, as well as industry and regulatory developments.

The Director induction and ongoing training programs are reviewed to consider appropriate opportunities for Director development having regard to the desired skills and competencies for Board members as well as emerging governance issues. During the year Directors were briefed on regulatory and reporting developments, including changes to the ASX Corporate Governance Principles and accounting standards as well as regulatory responses to the COVID-19 pandemic.

Effective functioning of the Board

The Board, under the terms of appointment of Directors and by virtue of their position, is entitled to access, and is provided with, information concerning the Group needed to discharge its duties efficiently. Directors are entitled, and encouraged, to request additional information if they believe that is necessary to support informed decision making. Directors are able to obtain independent professional advice to assist them in carrying out their duties, at the Company's expense.

Principle 3 – Instil a Culture of Acting Lawfully, Ethically and Responsibly

Core Values

In accordance with its Charter, the Board has reviewed and approved the core values of the Company below which function as guiding principles and expectations for behaviour and the culture the Board and Management are seeking to embed across all businesses within the Group to assist in the achievement of the Company's purpose and strategic objective set out under Principle 2.

- > *Be Brave*
- > *Better Together*
- > *Make it Happen*

Code of Conduct and other Company policies

The Board has adopted a Code of Conduct for Directors* which establishes guidelines for their conduct in matters such as ethical standards and the disclosure and management of conflicts of interests. The Company has adopted a Code of Conduct for Employees* which provides a framework of ethical principles for conducting business and dealing with customers, employees and other stakeholders. The Code sets out the responsibilities of employees in regard to the Company's commitment to workplace safety and employees' fulfilment of their work duties and compliance with Company policies. The Code requires employees to maintain confidentiality of confidential Company information, avoid conflicts of interest, not misuse Company property or accept or offer inappropriate gifts.

Material breaches of the Codes of Conduct for Directors and Employees are reported to the Board.

The Board has implemented a number of other policies and procedures to maintain confidence in the Company's integrity and promote ethical behaviour and responsible decision making, including the following:

- > Continuous Disclosure policy*
- > Share Trading policy*
- > Group Editorial policy*
- > Diversity policy*
- > Whistleblower policy*
- > Fraud, Anti-Bribery and Corruption Policy*

The Company's Share Trading policy establishes the governing principles for trading in Company shares by Directors, Executives and staff. The Company's Whistleblower policy, which includes an external reporting 'hotline', encourages the reporting and investigation of unethical and unlawful practices and matters of concern. The Company's Fraud, Anti-Bribery and Corruption policy prohibits all Company Directors, employees, contractors and business partners giving bribes or other improper payments or benefits to public officials and material breaches of the policy must be reported to the Board and the Audit & Risk Committee.

The Company requires compliance with Company policies by staff under the terms of their employment and carries out training of employees in relation to its policies and procedures.

Audit & Risk Committee

As at the date of this statement, the Committee comprised the following members, all of whom are Independent Directors and all of whom are non-executives:

- > Ms Teresa Dyson (Chairman of the Committee)
- > Mr David Evans

- > Mr Michael Ziegelaar

Mr Peter Gammell was a member of the Audit & Risk Committee throughout the financial year until his retirement on 13 November 2019. The Audit & Risk Committee has adopted a formal Charter* which is available on the Company's website.

The relevant qualifications and experience of the members of the Committee are set out on pages 28 to 30 under the heading Board of Directors.

The Committee's key responsibilities in respect of its audit function are to assist the Board in fulfilling its responsibilities in relation to:

Attendance at Committee meetings by management is at the invitation of the Committee. Directors who are non-Committee members may also attend any meeting of the Committee by invitation. The Chairman of the Committee reports to the Board on the Committee's considerations and recommendations.

The Audit & Risk Committee's key responsibilities in respect of its risk function are set out below under "Principle 7 – Recognise and Manage Risk".

External Audit function

It is the policy of The Audit & Risk Committee meets periodically with the External Auditors without management being present.

Each reporting period, the External Auditor provides an independence declaration in relation to the audit. Additionally, the Audit & Risk Committee provides advice to the Board in respect of whether the provision of non-audit services by the External Auditor are compatible with the general standard of independence of auditors imposed by the Corporations Act.

The Company's External Auditor attends all Annual General Meetings and is available to answer shareholders' questions about the conduct of the audit and the preparation and content of the Auditor's report.

Declarations by the Managing Director and Chief Executive Officer and Chief Financial Officer

Before the Board approves the financial statements for each of the half year and full year, it receives from the Managing Director and Chief Executive Officer and the Chief Financial Officer a written declaration that, in their opinion, the financial records of the Company have been properly maintained and the financial statements are prepared in accordance with the relevant accounting standards and present a true and fair view of the financial position and performance of the consolidated group. These declarations also confirm that these opinions have been formed on the basis of a sound system of risk management and internal compliance and control which is operating effectively.

To assist the Managing Director and Chief Executive Officer and the Chief Financial Officer in making their declarations to the Board in relation to the for each of the half-year and full year, and to ensure integrity in corporate reporting and good governance, a detailed questionnaire is distributed to senior management across the Group, including business unit Chief Executives and business unit Chief Financial Officers as well as other selected key senior managers, requiring confirmation from each of them that financial and accounting controls have been in place and adhered to, Company codes or policies have not been breached, risks have been appropriately managed, and that any matters requiring further consideration by senior group management are disclosed.

The required declarations from the Managing Director and Chief Executive Officer and Chief Financial Officer have been given for the half year ended 28 December 2019 and the financial year ended 27 June 2020.

Verification of Integrity of Periodic Corporate Reports

Corporate reports which are not audited or reviewed by the external auditor are prepared by Senior Executive Management by reference to company records and systems, with external professional assistance where appropriate. Such reports, as are included in the non-audited sections of this Annual Report, are submitted to a Committee or the Board for consideration. The detailed questionnaire distributed to senior management across the Group as part of the Company's periodic reporting procedures, referred to above, is a feature of the verification process in relation to corporate reporting on the Company's policies and compliance.

Principle 5 – Make Timely and Balanced Disclosure

The Company is committed to complying with the disclosure obligations of the Corporations Act and the Listing Rules of the ASX and has adopted a Continuous Disclosure Policy*.

Media releases, half yearly and yearly financial reports and results presentations are lodged with ASX and upon confirmation of receipt by ASX, they are posted to the Company's website.

In order to protect against inadvertent disclosure of price sensitive information, the Company imposes communication 'blackout' periods for financial information between the end of financial reporting periods and the announcement of results to the market.

The Board receives copies of all announcements under Listing Rule 3.1 promptly after they have been made.

Principle 6 – Respect the Rights of Security Holders

Communications with security holders

As disclosed in the Shareholder Communication Policy*, the Board aims to ensure that security holders are informed of all major developments affecting the Company's state of affairs and that there is an effective two-way communication with its security holders facilitated via the Company's Investor Relations function. The Company adopted a communications strategy that promotes effective communication with security holders principally through ASX announcements, the Company website, the provision of the Annual Report, including the financial statements, and the Annual General Meeting (and any extraordinary meetings held by the Company) and notices of general meetings. Shareholders are encouraged to participate in general meetings and are invited to put questions to the Chairman of the Board in that forum.

Security holders are given the option to receive communications from, and to send communications to, the Company electronically, to the extent possible. The Board continues to review its channels of communications with security holders for cost effectiveness and efficiencies, including using electronic delivery systems for security holder communications where appropriate. The Company continues to implement campaigns to encourage security holders to elect to receive all security holder communications electronically to help reduce the impact on the environment and costs associated with printing and sending materials by post.

It is the Company's policy that all substantive resolutions at a meeting of security holders are decided by a poll rather than by a show of hands.

The Company's website

The Company's website www.sevenwestmedia.com.au provides various information about the Company, including:

- > Overviews of the Company's operating businesses, divisions and structure;
- > Biographical information for each Director;
- > Copies of the following:

 - Annual Reports and Financial Statements; and
 - Announcements to ASX;

 - Contact details for the Company's Share Registry; and
 - Details concerning the date of the Annual General Meeting, including the Notice of Meeting, when available.

Principle 7 – Recognise and Manage Risk

Risk oversight and management

The Board recognises that the management of financial and non-financial risk is an integral part of its operations and has established policies and procedures for the oversight and management of material business risks, including the establishment of the Audit & Risk Committee. Details regarding the Committee are set out under "Principle 4 – Safeguard the Integrity of Corporate Reports".

The Board also believes a sound risk management framework should be aimed at identifying and delivering improved business processes and procedures across the Group which are consistent with the Group's commercial objectives.

During the reporting period, management reported to the Board as to the effectiveness of the Company's management of its material business risks.

During the 2020 financial year, the Committee conducted periodic as well as the annual review of the Company's risk management framework and satisfied itself that the framework continues to be sound and effectively identifies potential risks.

Internal Control Framework – Risk Assurance & Internal Audit

The Company has established a Risk Assurance & Internal Audit function to evaluate and improve the effectiveness of the Company's governance, risk management and internal control processes. The Audit & Risk Committee reviews and approves Risk Assurance & Internal Audit plans and resourcing as well as monitors its independence, performance and management's responsiveness to its findings and recommendations.

The Internal Audit function has traditionally required a combination of internal and external resourcing, with external resourcing being engaged to conduct highly specialised reviews or to access particular professional or technical expertise. During the year, as part of a Request for Proposal process, external accounting and consulting firms with suitable capability were invited to make submissions to provide services to enhance the Company's Internal Audit function. Following evaluation by the Audit & Risk Committee of a shortlist of providers and submissions, Protiviti were appointed to conduct the Company's Internal Audit reviews, under in-house oversight, for the financial year commencing from December 2019. The Board considers that this appointment provides an enhanced level of capability, providing technical depth from a leading internal audit firm. This will embed a stronger risk and compliance culture across the organisation, whilst drawing on best practice and knowledge across operational and emerging issues. Additionally, efficiencies will also be gained by the externally resourced Internal Audit function working closely with the Group's external auditor, KPMG, to ensure audit efforts are not duplicated and Internal Audit work can be relied upon.

During the year, detailed Internal Audits and Risk Reviews were presented to the Committee regarding the effectiveness of the Company's management of its material business risks, in accordance with the approved Risk Assurance & Internal Audit plan. Focus areas of the 2020 Risk Assurance & Internal Audit plan included the review of the Group's tax corporate governance framework, review of content production processes, and the effectiveness of the Group's sales incentive schemes.
