## Seven in 2024 The home of mass cultural moments

The Seven Network locked in its position as Australia's #1 broadcast and digital company today, revealing a market-leading line-up of content to get Australia's heart racing in 2024.

The destination for mass cultural moments that engage, inspire and define the nation, Seven presented its Upfront 2024 from the centre of South by Southwest Sydney to more than 1,000 guests, capturing the spirit of the festival by delivering innovative and creative ways to connect more Australians with more local content across the screens of Seven.

Seven's line-up of proven, reliable hits includes **7NEWS, Sunrise, The Morning Show, The Chase Australia, Home and Away, Better Homes and Gardens, Farmer Wants A Wife, The Voice, Dancing With The Stars, The 1% Club, Australian Idol, RFDS, My Kitchen Rules, Big Brother, 7NEWS Spotlight** and the **TV WEEK Logie Awards**.

A full 52-week schedule of Australia's most-loved sport includes the AFL, cricket, horse racing, Supercars, the Sydney Hobart Yacht Race and much more.

Seven will take sport to a new level in 2024, when the AFL and cricket debut in full on [7plus](#), marking the first time Australia's biggest and most popular sports will be available for free on a streaming platform.

The newcomers on Seven in 2024 include **Dream Home, Stranded On Honeymoon Island, Made in Bondi, Once In A Lifetime** and all-new **First Dates**.

Also new next year are **Ego: The Michael Gudinski Story, The Wave, Australia's Most Dangerous Prisoners, The Hunters, The Rise And Fall Of Kings Cross, King Con: The Life And Crimes Of Hamish McLaren** and **The Australian Roast Of John Cleese**.

Seven West Media Managing Director and Chief Executive Officer, James Warburton, said: "Seven creates great content. We eat, sleep and breathe content that connects with heartland Australia more than anyone else. We are the leaders in content. That's why we have been the most watched network for 15 of the past 17 years, including the past three years in a row.

"Again this year, our content has made us #1 nationally in all people, 25 to 54s and 16 to 39s. No matter how you cut the numbers, more Australians turn to Seven than any other total TV network and we consistently deliver the most watched news, sport and entertainment content across all screens.

"No one can match Seven's reach and our ability to bring mass cultural experiences to all of Australia. This year's **FIFA Women's World Cup™** proved that beyond a shadow of a doubt and 2024 will again demonstrate our ability to touch the heart of Australia.

“Seven is the leader of the digital content revolution, with 7plus set to soar even higher from late 2024 when the AFL and cricket arrive on a free streaming platform for the first time,” he said.

“From September 2024, Seven will have not just the broadcast rights, but also the digital rights to the AFL – Australia’s biggest sport. Every round, every final, every platform. Millions of Australians will be able to see their favourite team play on Seven and 7plus for free, for the first time, with no paywall in sight.

“From October 2024, we are proud to extend our cricket rights to digital as well, with every ball streamed across every screen, live and on demand,” Mr Warburton said.

“The addition of AFL and cricket to 7plus will be biggest game changer in the history of Australian streaming. Together, they will represent four billion new minutes of viewing on 7plus a year.

“That is the equivalent in minutes of the **Olympic Games Tokyo 2020** and **FIFA Women’s World Cup™** combined – not 17 days or five weeks but 52 weeks of the year, every year. It’s a whole new ball game, for Seven, for sport fans and for our commercial partners,” he said.

Seven’s Chief Content Officer, Entertainment Programming, Angus Ross, said: “There is a reason Seven is #1. We know Australians. We know how to engage and connect with them. We know the mass cultural moments that entertain, inform and inspire them.

“Consistency, reliability, impact and connection are the hallmarks of Seven. That’s why we are #1 overall again this year, #1 in news, #1 in sport and #1 in local drama, and why our key entertainment tentpoles increased their audiences this year.

“In 2024, the content Australians love will be back on the screens of Seven, from **Sunrise** and **The Morning Show**, to **The Chase Australia**, **7NEWS**, **Home and Away** and **Better Homes and Gardens**, from **The Voice**, **Farmer Wants A Wife** and **Dancing With The Stars** – with new co-host Dr Chris Brown – to **The 1% Club**, **My Kitchen Rules**, **RFDS** and **Australian Idol** with Kyle Sandilands, Marcia Hines and Amy Shark; special events such as the **TV WEEK Logie Awards**, the **Good Friday Appeal** in Melbourne and the **Channel 7 Telethon** in Perth; and much, much more,” he said.

“Joining them will be a stellar collection of new local series, including **Dream Home** with Dr Chris Brown, **First Dates**, **Stranded On Honeymoon Island** and many more.

“Add our incredible 52-week schedule of sport and it’s a line-up that will ensure Seven remains Australia’s most watched video content company in 2024.”

Seven West Media Chief Revenue Officer, Kurt Burnette, said: “Creating content that connects the hearts and minds of Australians with the most watched content is what we do at Seven – and 2024 will be no different. This year we delivered some extraordinary moments that helped shape culture and change behaviour and we will do it again next year.

“The content and the technology at Seven underpin our strategy of premium audience generation and engagement. We connect audiences and brands seamlessly, no matter the

device, screen or operating system. And we are, of course, #1 in total TV. More Australians watch the screens of Seven than any of our video rivals. We think that's massive."

It revisits key locations in South East Asia where the effects of the tsunami can still be felt and includes powerful individual stories of courage, resilience and – ultimately – redemption. It tells how people fought for their lives and their livelihoods; how their overwhelming grief is still – two decades on – often mixed with survivors' guilt; and where they are today, 20 years on from the wave that changed everything. **The Wave** is an Arrow Pictures production for the Seven Network.

## **Australia's Most Dangerous Prisoners**

In Australia, there are over 40,000 men and women currently behind bars. Many of them have done very bad things. The gripping new series will outline in detail the horrendous crimes that landed these men and women in Australia's high security jails through first-hand accounts by ex-inmates, former correctional officers, journalists and forensic psychologists, who try to make sense of their world. **Australia's Most Dangerous Prisoners** is a WTFN production for the Seven Network.
