

## **Statement from Seven**

29 July 2016 -- Seven welcomes the Federal Court's decision today, which dismissed the application to stop Telstra's commercials promoting Seven's 'Olympics on 7' app.

Telstra's mobile customers will get free premium access to the 'Olympics on 7' app – a great way of showcasing this revolutionary development, which is designed to deliver maximum coverage of the Olympics to Australians on all platforms.
